

FENS Featured Regional Meeting

11-14 September 2013
Prague, Czech Republic

Dear Colleague,

As you may already know, the FENS Featured Regional Meeting 2013 will be held from 11th to 14th September 2013, in Prague, the Czech Republic. As Chair of the Local Organising Committee, I would like to inform you that **the deadline for submitting symposium and plenary lecture proposals has been extended to 30th September 2012.**

Proposals for symposia and plenary lectures can be submitted using the online forms available on the meeting internet site: <http://www.fensrmprague2013.com> Evaluation and selection of those proposals to be included in the final scientific programme will be made by the International Programme Committee. Also available on the website are the Meeting Schedule and the major topics of the Scientific Programme, as well as information about three Training Schools that will be held in Prague prior to the meeting, from 9th to 11th September.

Please keep in mind that this will be the only extension of the submission deadline, thus I hope that you will take advantage of this opportunity to submit a symposium or plenary lecture proposal before 30th September and also to share the Call for Proposals with interested colleagues. I look forward to working with the international neuroscience community to create a stimulating scientific programme for the FENS Featured Regional Meeting 2013.

Sincerely,

Eva Sykova, M.D., D.Sc.
Chair, Local Organising Committee
FENS Featured Regional Meeting 2013, Prague
